To Whom It May Concern,

It is my pleasure to recommend Benito Kok, Senior Animator at Roxor Gaming. Having had the privilege of working alongside Benito for several years, I can confidently say that he is an incredibly talented and dedicated professional who is not only highly skilled in his craft but also a remarkable teacher and a great leader.

Benito's technical knowledge and expertise in animation are second to none. His comprehensive understanding of both the artistic and technical aspects of animation enables him to seamlessly navigate between 2D and 3D pipelines, consistently producing exceptional work that enhances every project he contributes to. His attention to detail, coupled with his ability to think creatively, has made him an invaluable member of our team at Roxor Gaming. His ability to tackle complex challenges independently, while working remotely with minimal supervision, further distinguishes him as one of the most reliable and proficient animators I've had the pleasure of working with.

Beyond his technical skills, Benito's work ethic is truly inspiring. He approaches every project with a level of dedication and commitment that motivates everyone around him. He consistently goes above and beyond, ensuring that every task is completed to the highest standard.

What truly sets Benito apart, however, is his ability to teach and mentor others. He is patient, approachable, and always willing to share his knowledge. His ability to break down complex concepts into digestible insights has made him a go-to mentor for many on the team. He genuinely invests in the growth and development of others, which makes him not just a colleague but a leader within our team.

It has been an honor to work alongside Benito, but even more so, it has been a privilege to call him a friend. His kindness, integrity, and positivity are qualities that shine through both in and outside of the workplace, making him a joy to collaborate with every day.

I have no doubt that Benito Kok will continue to excel in any future endeavors he pursues. He is an asset to any team, and I wholeheartedly recommend him without reservation.

Sincerely,

Hendrik Groenewald
